

PNEUMATIC ANGLE GRINDERS

VL 5" ANGLE GRINDER

VL 7" ANGLE GRINDER

Low vibration options available

Lightweight, robust and high performing pneumatic angle grinders to suit a wide variety of grinding and cutting applications.

Ideal for smooth detail finishing. Available in 2 sizes, Trelawny pneumatic angle grinders provide a high level of performance for a variety of grinding and cutting applications. When purchased with the brush the tool is ideal for feathering surface rust whilst the disc removes stubborn material deposits.

FEATURES

- Safety trigger
- Rear exhaust*
- 5" & 7" disc grinders
- Alternative low vibration handle available
- Lightweight, ergonomic design
- Spindle lock for fast changing of discs*
- *Available on the Vibro-Lo™ model

APPLICATIONS

- Cutting
- Weld seam cleaning
- Paint & rust removal
- Grinding & polishing
- Descaling & preparation of steel or aluminium surfaces

KEY CONSUMABLES & ACCESSORIES

Image	Part Number	Description
	4914070	7" Disc, Pack of 5 To fit 7" angle grinders 170.4071
	4914070	5" Disc, Pack of 5 To fit 5" angle grinders 170.4054
	8514065	M14 75mm Twist Knot De-rusting Brush To fit 5" angle grinders 170.4054
	4914005	Scale Force 5" Speed Disc, Pack of 10 To fit 5" angle grinders 170.4054

TECHNICAL DATA

Model	Part No.	Weight (kg)	Disc Speed (rpm)	Air Consumption (lps - cfm)	Noise Level (LwA db(A))	Length (mm)	Spindle Size	Vibration Level (Aeq m/s ²)
Low Vibration 5" Angle Grinder	170.4045	17	10,000	472 - 10	83	230	M14	1.2
Low Vibration 7" Angle Grinder	170.4071	31	7,500	378 - 8	90	318	5/8 - 11 unc	<2.5

SCALE FORCE 5" SPEED DISC 10PCS 5" GENERIC HAND GRINDER FITMENT

Dust control options available

Versatile 5 inch, generic hand grinder fitment, SF Speed Disc. Removes coatings, rust and corrosion in seconds.

This long life consumable is ideal for all areas of industrial and marine applications where years of coating build up needs to be removed without damaging the steel beneath.

Unlike traditional grinding discs the SF Speed Disc flexes under pressure to protect the bare metal from damage.

FEATURES

- Silicone carbide abrasive, synthetic fibre disc
- Open web construction for fast cutting action on all metal surfaces
- Safer than wire bristle tools, with 2x longer life.
- Low vibration solution to fit any hand grinder

APPLICATIONS

- Manual removal of coatings on steel and metal
- Ideal for pre-welding clean up, or post weld spatter finishing
- Dirt & millscale removal and corrosion
- Use as a pre re-coating process with needle scaling where necessary

After 2.85 seconds of grinding

After 12.77 seconds of grinding

After 29.12 seconds of grinding
